Business Process Change - Paul Harmon - Google Books
This edition is a little out of date - it pre-dates most of the enabling capability of the internet - but it generally strikes the right balance between business process concerns and the ability of IT to assist (or hamper) them.

Business Process Change: A Guide for Business Managers and ...
The second edition of this handbook has been significantly revised and extended. Each chapter has been updated to reflect the most current developments. This includes in particular new technologies such as in-memory data and process management, social media and networks.

Handbook on Business Process Management 2 | SpringerLink
The sub-title is "A guide for business process managers and BPM and Six-sigma professionals" gives a clue to the changes in the four years since original edition. Interest in business process management and the popularity of implementation techniques such as Six-sigma and Lean, have increased markedly in the time-period and the new edition puts these practices into context of a wider business-change programme.
