Discounting and intergenerational equity - ScienceDirect

The discounting method is relegated to a comparatively humble role, that of eliminating intergenerationally inefficient programmes ; the actual choice of a programme, in those areas in which a decision may have very long-term, intergenerational effects, will be made by reference to equity criteria. The author argues that, in questions of ...

A standard framework is presented as an underlying model for the discounting debate. Views and proposals for the techniques and rates of discounting are assessed. Alternative modeling frameworks for studying intergenerational equity issues are evaluated with the result that the basic insights they provide do not differ very much. Results from model experiments involving different discount rate ...
