Volume 1 of Know Thine Enemy presents a history of the political philosophy that is known throughout the world today as "the Left," which grew out of an effort by revolutionaries in eighteenth-century France to replace the "superstition" of Christianity with a secular social and moral system based on reason and science. The book traces the development of this project through many stages, beginning with numerous efforts in Europe to build a working model for a socialist utopia, moving on to ...

But that history were that cut and dried. There is a movement, particularly among the young, to hate the past and eradicate anything they find objectionable or troubling.

### Laura Ingraham: Enemies of American history | Fox News

For almost 2 decades, the US pursued a list of 'enemy countries' to confront, attack, weaken and overthrow. This imperial quest to overthrow 'enemy countries' operated at various levels of intensity, depending on two considerations: the level of priority and the degree of vulnerability for a 'regime change' operation.
