For 86-90 Renix Jeeps you nixed the 703 fuel injectors and confirmed 746 injectors: I heartily agree. My '89 Wagoneer had developed one leaky injector, so I hunted a full replacement set. Another website had rec'd 703's (nowhere stating the properly applicable year Jeeps), but with them my engine ran black-smoke rich and its ECU refused ...

Best injectors for Renix | cruiser54

Technical DIY instructions covering common issues on the Renix XJ Cherokees and MJ Comanches (1987-1990). Preventative and proactive procedures to save you headaches, time, and money. Many of these tips were provided to me and my buddy Joe by JeepTech when I was Service Manager/Shop Foreman at a Jeep dealer from 1980 through 1992.

Renix (Renix Electronique) was a joint venture by Renault and Bendix that designed and manufactured automobile electronic ignitions, fuel injection systems, electronic automatic transmission controls, and various engine sensors. Major applications included various Renault and Volvo vehicles. The name became synonymous in the U.S. with the computer and fuel injection system used on the AMC/Jeep ...

Renix - Wikipedia

The C101 connector on 1987 and 1988 Renix Jeeps was a source of electrical resistance when the vehicles were new. So much so that the factory eliminated this connector in the 1989 and 1990 models. The factory recommended cleaning this connector to insure the proper voltage and ground signals between the ECU and the fuel injection sensors.

1990 4.0L Fuel Injection Manual - Erie Jeep People Forums

The XJ 4.0's before 91 used the Renix fuel injection system. This is a completely different system then the 91+ HO (High Output) system. Some parts from HO engines can be made to work with the Renix system but not the sensors. Some like the Renix and some do not it does use more sensors then the HO system so is more work to swap over.
