Mojave National Preserve is a relatively new park, established in 1994. A general management plan (GMP) was completed in September 2001. The park was identified by the Pacific West Region as a priority for interpretive planning in response to a fiscal year 1999 call from Harpers Ferry Center (HFC). Interpretive planning commenced when a

The Mojave has alternately been seen as a wasteland to be avoided, a resource to be exploited, and a scenic landscape to be preserved. Those perceptions collided during the lengthy debate that culminated in the enactment of the CDPA, which took millions of acres from the Bureau of Land Management's (BLM) multiple-use management and
