### Episode #24 - No BS Price Strategy by Dan Kennedy and ...

A non-pricing strategy is a marketing strategy in which a company does not adjust its price to sway consumers but uses other methods to garner more sales. This normally comes down to advertising, and most companies employing this tactic will boldly say their product or service costs more because it offers better service or quality.

### What Is a Non-Pricing Strategy? (with picture)

2. Economy pricing or No Frill Low Price. The pricing Strategies of these products are considered as no frill low prices where the promotion and the marketing cost of a product are kept to a minimum. Economy pricing is set for a certain time where the company does not spend more on promoting the product and service.
