“Race Science: Western science built the lie of racial difference that became a core justification underlying colonial expansion, the slave trade, and genocide against Indigenous peoples. White supremacy is a key aspect of almost all other forms of colonial violence and race science is fundamental to its logic to this day.

...

The area known as Beringia sits atop the world, straddling Asia and North America. A mere 50 miles of water separate the Chukchi Peninsula in Russia and the Seward Peninsula in the United States. Terrestrial plant life is relatively impoverished here, but the Bering Strait compensates for the land's parsimony and more. In *Floating Coast* , Bathsheba Demuth tells the story of this singular place ...
