This book appears to be accurate, and current within the field of social psychology. I did not see any glaring errors, or any significant bias. Relevance/Longevity rating: 4 While this book is very straightforward and engaging with the subject matter, several of the references used are very outdated.

Sabriel (Abhorsen, #1) by Garth Nix

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.

4) Reflect on your own experience with care. Oftentimes, we unconsciously care for others the way we have been cared for—for better or worse. When one researcher interviewed four different teachers at the same school who all shared one particular student, she found that each teacher cared for the student in the way she had been cared for as a ...
