records the sights and sounds and smells of war as well as quoting the then-unknown "In Flanders' Fields," written by her colleague Dr John McCrae.

War Diary of Clare Gass, The | McGill-Queen's University Press

Clare Gass's diaries show us how nurses with so much work, so little material were still able to be personable to patients, something that does not seem to exist in the North America any more. Indeed it is an aspect of war one hardly sees when reading or hearing about the ugliness of it all.

War Diary of Clare Gass Book

Description: The diary reveals a woman
who took it for granted that she should
do everything possible to aid the war
effort and details her care of the sick
and wounded at No. 3 Canadian General
Hospital (McGill), forty miles behind the
trenches, as well as at No. 2 Canadian
Casualty Clearing Station, where she
was within range of the shells.

Paddy Griffith, *Battle Tactics of the Western Front* (1996): although attacked by some reviewers as poorly argued and too polemic, this book argues that 'the British army gradually improved its techniques and technology' and that this improvement enabled them to win the war. Paul Harris and Niall Barr, *Amiens to the Armistice* (1998): far from being flawed and inept, the BEF is revealed as ...
